

Observatory on the Protection of Taxpayers' Rights

Below you will find a questionnaire filled in by Luís Eduardo Schoueri, Professor and Raphael Assef Lavez, PhD candidate at *University of São Paulo Law School*, both OPTR National Reporters of Brazil.

This set of questionnaires comprise the National Reporter's assessment on the country practice during 2020 in the protection of taxpayers' rights, and the level of fulfilment of the minimum standards and best practices on the practical protection of taxpayers' rights identified by Prof. Dr. Philip Baker and Prof. Dr. Pasquale Pistone at the 2015 IFA Congress on "The Practical Protection of Taxpayers' Fundamental Rights".

OPTR - 2020 Questionnaire 1 - Country Practice

Dear National Reporter,

I would like to thank you for your participation in the IBFD's Observatory on the Protection of Taxpayers' Rights (OPTR).

This form collects the information on the practical implementation in domestic law of legal procedures, safeguards and guarantees associated with taxpayers' rights in 82 situations for the practical protection of taxpayers' rights, as monitored by the IBFD Observatory on the Protection of Taxpayers' Rights.

We kindly ask you to assess assertively (yes/no) the level of practical implementation of said procedures, safeguards and guarantees associated with taxpayers' rights in your country. When answering, please bear in mind the actual practice regarding each situation, regardless of whether a given procedure, safeguard or guarantee has been formally adopted in your country.

We would be very grateful if you submit us this questionnaire, duly filled out, by no later than 15 January 2021.

Feel free to contact us for any clarification you may need. We look forward to your valuable contribution to this remarkable project.

Kind regards,

Prof. Dr. Carlos E. Weffe

Due to the COVID-19 crisis, the Federal Revenue Service postponed many deadlines to August 31, 2020, providing taxpayers with the proper time to access documents and informations requested in the tax audit. Nevertheless, the notifications in the audits were still made, although many taxpayers could have faced with hardships to access the responsible personnel and other relevant parts to comply with the notification.

From September, 2020 on, taxpayers had to present the documents and information required, even if there was no risk of limitation nor preemption to tax authorities - and, as it is clear, the pandemic crisis is still relevant in Brazil.

Although many taxpayers faced with harsh economical consequences derived from the Covid-19 crisis, many States and Municipalities (such as São Paulo and its capital) did not provided any relief regarding the collection of taxes, nor a mere postpone of the payments. On the other hand, the Federal Government postponed the payments of some federal taxes (but not all ones). Many taxpayers went to Judiciary to claim some relief or deferment, but the actions were, in general, unsuccessful.

A monocratic decision from a Justice of Brazilian Supreme Court intended to restrict the requirement for Bankruptcy proceedings (likely to the US Chapter 11) to taxpayers which were not in debt with the Revenue Service. However, the decision was revoked and it is still not necessary the tax regularity to require such proceedings.

The Federal Revenue Service and the Treasury Attorneys Office suspended up to August 31, 2020 some procedures to enforce tax debts due to the Covid-19 Crisis, except if there was any risk of preemption or limitation. From September, 2020 on, the procedures could be retaken and, as it is clear, the pandemic crisis is still relevant in Brazil. Many other Governments (States and Municipalities) did not adopt any measure to postpone the enforcement of taxes.
